# SPECIAL OFFERING

PRINCETON NURSERIES

Princeton, N. J.

Phone 1776

These very low prices are effective only until  
MARCH 15th

To balance our field inventory we are offering you the following excellent stock at extremely attractive prices effective until March 15th. After that date, catalogue prices will apply.

Rather than make lower prices on some varieties later in the season, we prefer to offer this attractive list now so that you have the opportunity for more profit on these good items, or to secure stock at a price that will justify buying to grow on to specimen size.

When purchasing from this special list, check through our very complete Spring wholesale catalogue to cover your additional requirements.

Stock is offered subject to prior sale. Usual terms and conditions apply.

5% discount will be allowed for cash in full with order.

These special prices apply to lots of not less than 50 of a variety, except as noted.

**ACANTHOPANAX PENTAPHYLUM**

Fiveleaf Aralia

One of the best shrubs. Very adaptable. Will tolerate partial shade. Does well in dry locations and north exposures. Upright in habit with glossy foliage. Not bothered by insects. Makes excellent hedge and shears well. Is thorny and makes good barrier. Makes a good screen plant without trimming.
